Mr. [REDACTED]
Chief, Real Estate and
Construction Division
Central Intelligence Agency
Washington, D.C. 20505

Dear [REDACTED]

Reference is made to your letter of June 10, 1969, regarding a project for preparation of site and utility system drawing of the Central Intelligence Agency Headquarters Area (RE-LO-269-69P).

The Design and Construction Division has estimated the cost of the project at \$16,900. We realize that the results of this project could be of benefit to General Services Administration and we would like to participate, however, due to a reduction in our budget for administrative projects of this nature, we cannot participate at this time. If you wish to proceed with the project, we will be happy to coordinate it with the Design and Construction Division.

Sincerely,

John J. Province

Best: 1 GSA already has \$13000 to start this personally, I think they should go ahead - we give them \$3900 more - but then see [REDACTED] & BPS effort re mapping. OL 9 512

2 Good as built would support our & their future planning, even maybe "you" survey

Remarks:

FYI concerning Hyatt site and utility as built as per our conversation of 9/17/69 PM. Included is the letter from GSA and our two letters to LSD and GSA initiating the request.
 I hope we can set up a meeting in the near future with GSA, BPS, and RECD reps to discuss very specific requirements
